

RUTA REISOGU

FULL STACK DEVELOPER

MORE ABOUT ME

Lighthouse Labs bootcamp graduate and transitioning educator. I enjoy creating actionable ideas to solve problems and get things done. I am excited to build well tested and meaningful applications that bring people joy and benefit society.

- HTML, CSS, SASS
- JavaScript, AJAX, JSON, jQuery
- TypeScript, Ruby
- React
- Material UI, Bootstrap, Tailwind CSS
- Node.js, Express, Ruby on Rails
- React Testing Library, Jest
- Mocha, Chai, Rspec, Minitest
- SQL, PostgreSQL
- REST APIs
- Git, Github

EDUCATION & PROFESSIONAL TRAINING

- Diploma • Web Development Bootcamp, Lighthouse labs, 2022
- Certificate • Harvard University's CS50x: Introduction to Computer Science, CS50, 2021
- Certificate • JavaScript Algorithms and Data Structures, freeCodeCamp, 2021
- Professional Bachelor's Degree • Nature Sciences and Information Technology, University of Latvia, 2016

PROJECT BASED EXPERIENCE [See my Portfolio](#)

Ottabus, 2022 [Live](#) | [GitHub](#)

Tech Stack: TypeScript, React, Material UI, React Testing Library
Public transportation app for Ottawa that provides commuters with information about upcoming bus times and current bus locations on a map in real time. Integrates Google Maps, OC Transpo and Open Weather APIs.

Sparkles, 2022 [Live](#) | [GitHub](#)

Tech Stack: React, Sass, React Testing Library
Shopping cart built with Context API and React hooks.

BeMyGuest, 2021 [Live](#) | [GitHub](#)

Tech Stack: Ruby on Rails, Bootstrap, Minitest
Event planner app that helps users organize events by adding and updating event details, creating guest lists, setting guest RSVP status and managing shopping and task lists.

StoryTime, 2022 [GitHub](#)

Tech Stack: Node.js, Express, PostgreSQL
Back-end API for Express and React SPA following the MVC pattern.

Open Source Work, 2021-2022

- Tech Stack: React, Ruby on Rails, Tailwind
- WNDrb - Ruby community website: Implemented a design of a 'Sponsor Us' page and built functionality of an editing page for admin.
 - Hacktoberfest 2021: Contributed to several open source projects.

WORK EXPERIENCE

Problem Solver, Jan 2021 - present

Embarked on a web development journey and taught myself to code. Continuously working on improving coding, testing and problem solving skills

Jul 2018 - Dec 2020

Took time off to take care of my health

Math Teacher, Jan 2015 - Jun 2018

Riga International Meridian School, Riga, Latvia

- Broke down math concepts in three different languages.
- Increased overall student test scores by 10% across different grades.
- Facilitated the school in receiving Cambridge school licence.
- Worked in a collaborative team to organize an annual, district-wide math competition with ~ 2,000 participants.
- Created 300-400 competition questions each year.

English Teacher, Dec 2012 - Dec 2014

SIA Little More, Riga, Latvia
