RUTA REISOGLU

FULL STACK DEVELOPER

MORE ABOUT ME

I come from a background in teaching math and I enjoy creating actionable ideas to solve problems and get things done. I am excited to build well tested and meaningful applications that bring people joy and benefit the society.

SKILLS AND ABILITIES

- HTML, CSS, SASS
- JavaScript, TypeScript, Ruby
- React
- Material UI, Bootstrap, Tailwind CSS
- Node.js, Express, Ruby on Rails
- React Testing Library, Jest
- Mocha, Chai, Rspec, Minitest
- SQL, PostgreSQL
- REST APIs
- Git, Github
- Great time management skills
- Team player

EDUCATION & PROFESSIONAL TRAINING

- Diploma · Web Development Bootcamp, Lighthouse labs, 2022
- Certificate · Harvard University's CS50x: Introduction to Computer Science, CS50, 2021
- Certificate · JavaScript Algorithms and Data Structures, freeCodeCamp, 2021
- Professional Bachelor's Degree · Nature Sciences and Information Technology, University of Latvia, 2016

PROJECT BASED EXPERIENCE   See my Portfolio

Ottabus, 2022   Live | GitHub
Tech Stack: TypeScript, React, Material UI, React Testing Library
Developed a public transportation app for Ottawa that shows upcoming bus times and bus locations on a map in real time. Integrated Google Maps, OC Transpo and Open Weather APIs.

Sparkles, 2022   Live | GitHub
Tech Stack: React, Sass, React Testing Library
Built a shopping cart using Context API and React hooks.

BeMyGuest, 2021   Live | GitHub
Tech Stack: Ruby on Rails, Bootstrap, Minitest
Built an event planner app that help users create and organize events by managing shopping, task, and guest lists.

StoryTime, 2022   GitHub
Tech Stack: Node.js, Express, PostgreSQL
Built the back-end API for Express and React SPA following the MVC pattern.

Open Source Work, 2021-2022
Tech Stack: React, Ruby on Rails, Tailwind

- WND.rb - Ruby community website: Implemented a design of a 'Sponsor Us' page and built functionality of an editing page for admin.
- Hacktoberfest 2021: Contributed to several open source projects.

WORK EXPERIENCE

Problem Solver, Jun 2018 - present
Applied for a Permanent Residence in Canada, made a life changing decision to move across continents, became a mother, suffered health complications, got better and taught myself to code.

Math Teacher, Jan 2015 - Jun 2018
Riga International Meridian School, Riga, Latvia

- Broke down math concepts in a classroom environment in three different languages.
- Increased overall student test scores by 10% across different grades.
- Facilitated the school in receiving recognition as a Cambridge school enabling it to offer Cambridge qualifications.
- Worked in a collaborative team to organize an annual, district-wide math competition with ~ 2,000 participants. Created 300-400 competition questions each year.
